*To Whom It May Concern:*

*When I first started using Epay, I was apprehensive about doing something so different from my other customers. Today, I'm writing to tell you how much I like the system and how easy it was to learn to use. My only regret is that more of my customers do not yet offer Epay Manager as a payment option.*

*The feature that I like best about the system is the ability to choose payment terms on each invoice. As you know, in transportation, cash flow can be uneven. It's extremely helpful when a customer gives you the opportunity to choose when you will be paid.*

*Thanks for your great customer service. You were very helpful to me when I first started using the software and now I feel like a real pro.*

*Sincerely,*

*Vicki*
